

SEND A GIFT OF HOPE TO A FAMILY IN HAITI

Many families in Haiti don't have the things that we have. They don't have enough to eat or a safe place to live. They don't have electricity or T.V.

Many people in Haiti can't read, so they can't read a book or instructions on a bottle of medicine. They can't read the Bible—but they can listen to the radio.

\$60 provides a solar radio and years of daily radio programs for a family in Haiti

The radio also includes an MP3 player with Bible passages, especially helpful for people who can't read.

Resounding Hope is a project to give special radios to Haitian families. These little radios are solar-powered—they don't need batteries, they're charged by the sun. They are like little missionaries because they tell people about Jesus every day in their own language.

The radios also give life-saving information when a disaster strikes, teach school lessons, share farming and health advice, and play worship music.

EACH RADIO PROVIDES:

Good News about Jesus, Bible teaching and worship music

Life-saving information when disaster strikes

Farming & health advice

It's powered by the sun, no electricity or batteries needed.

The solar radios broadcast radio programs from a Christian radio station called Radio 4VEH. Radios like these have already changed people's lives as they hear the Gospel, follow Jesus and start new churches to share hope.

Help us share Resounding Hope with one million people by sponsoring a radio and praying for the family who will receive it.

Visit www.resoundinghope.org for more information.

Scripture Memory Verse:

How can they **call** on him unless they believe in him?

How can they **believe** in him unless they hear about him?

How can they **hear** about him unless someone preaches to them?

And how can anyone **preach** without being sent?

It is written, "How beautiful are the feet of those who bring **good news!**"

Romans 10: 14-15
New International Reader's Version (NIRV)
